## FAITH UPGRADE

11.5.17

### BIG IDEA

The Holy Spirit is an upgrade that Jesus promised. This upgrade involves us following what Paul was told on the road to Damascus, to get up, go and listen for what God tells us to do.

### TALK IT OVER

- What upgrade do you need from Holy Spirit?
- How do you read the Bible? Is it boring or blockbuster? Why?
- How do you “get up and go” to share the gospel? What sacrifice and blessings does this bring to your life?

### SCRIPTURES

John 14:16-17

Acts 6:8

Acts 7:51

### PRAYER FOCUS

Pray for the families and friends of the New York terror attack victims and those affected in other parts of the world by terrorists. Ask God to bring comfort and healing to every broken heart.

### LEADER TIPS

Low attendance in our groups can frustrate us, but it can also provide ministry opportunities within the group. When only a few of your group members show up, by the numbers, you can feel like your group is a failure. Before you let the enemy to beat you up with lies, ask God: “What do You intend for this group meeting? It doesn’t look like what I planned. What have You planned?” His plans are better anyway. Trust Him!
