SECRETS OF SECURITY  
Discussion Guide

### BIG IDEA

Insecurity comes by way of self-doubt and uncertainty, and it can affect every area of our lives, including our relationships. It is important we understand that love is not the issue; the issue is our mindset and our vision. Pastor Daniel shared that when we have vision for something, we should see it twice. When we maintain a growth mindset and let go of a goal mindset, we can focus on growing in our ability to be more like Christ, realizing we were created in His image.

### TALK IT OVER

Choose questions that keep the discussion moving. No need to discuss every question.

- What was the best practical joke you ever played or was played on you? How did you feel as a result?
- When have you felt insecure in a situation? What is your response? Looking back now, how could you have responded differently? What was the root issue?
- What is the difference between a goal mindset and a growth mindset?
- What is your vision? What is your value? How do they align with God's vision and value for your life?

### APPLICATION IDEAS

- All I have is All I need: You have access to all that Heaven has provided. Studying God's Word is the key to drawing close to the Father and gaining all the access you need.
- My Value is in His Vision: God's vision of the world includes you. Surrender your vision and value to Him.
- My Seat is Safe: You are here by way of grace, not because of anything you did. This week label a seat in your house as a representation of your place in the Kingdom.
- My Source is Steady: Nothing you do will ever cause God to stop loving you. Practice showing God's intentional love towards others this week.

### PRAYER FOCUS

At Lifepoint, we pray until something happens. Make time in every group meeting to pray for one another and the larger matters of concern to your group.

- Choose one of the application ideas and associated scripture to focus on in prayer this week.
