VISION SUNDAY
Discussion Guide

BIG IDEA

While physical sight is important in our daily lives, vision is integral to accessing the blessings of tomorrow. Pastor Daniel shared that vision is a picture of a preferred future. In order to achieve the vision that God has for the next generation, we must be relentless and resilient in our faith because sight without vision will mean missing out on the promises of God.

TALK IT OVER

Choose questions that keep the discussion moving. No need to discuss every question.

- What is the vision you have for your life? Your marriage? Your children? Your finances?
- What can you do to fight for your families, your sons, and your daughters? How can you help them find the ultimate fulfillment of living out God's purposes for their lives?
- What is the vision of Lifepoint Church? Why is this vision important?
- Why is it important to consistently attend church?

APPLICATION IDEAS

- Participate in the development of the next generation by identifying opportunities to apply lessons learned and pour into young people.

PRAYER FOCUS

At Lifepoint, we pray until something happens. Make time in every group meeting to pray for one another and the larger matters of concern to your group.

- Pray specifically for the next generation of youth, "Gen Z," that they will have godly friends, be surrounded with divine favor, and will fear and revere God.

LEADER TIPS

- Teach our children of tomorrow to be resilient in their faith by attending church consistently and explaining why it is so important.
